CONTENTS OF VOLUME 66

JANUARY 1953. NUMBER 1

PAGE

Observations on Effect of Methantheline (Banthine®) Bromide in Urological Disturbances. Jack Lapides, M.D., and Austin I. Dodson Jr., M.D., Ann Arbor, Mich. 1

Gastrointestinal Hemorrhage from Benign Tumors of the Duodenum. John D. Briggs, M.D., and John F. Roberts, M.D., Los Angeles 10

Variational Anatomy of the Hepatic, Cystic, and Retroduodenal Arteries: A Statistical Analysis of Their Origin, Distribution, and Relations to the Biliary Ducts in Two Hundred Bodies. Nicholas A. Michels, D.Sc., Philadelphia 20

Evaluation of Trichloroethylene as an Anesthetic and Analgesic Agent. William K. Nowill, M.D.; C. Ronald Stephen, M.D., Durham, N. C., and Paul W. Searles, M.D., M.S., Buffalo 35

New Technique of Surgical Management of the Patent Ductus Arteriosus. Harry A. Davis, M.D., Los Angeles 48

Diaphragm Pump for Artificial Circulation, Tyson-Bowman Pump. James L. Southworth, M.D.; E. Converse Peirce II, M.D., Baltimore; Thomas Tyson, Richmond, Va., and Robert L. Bowman, M.D., Bethesda, Md. 53

Subacute and Chronic Osteomyelitis: Treatment with Use of Chemotherapeutic Agents, Antibiotics, and Primary Closure; Follow-up Report. Frank D. Dickson, M.D.; Rex L. Diveley, M.D., and Richard H. Kiene, M.D., Kansas City, Mo. 60

Surgical Management of Shoulder Girdle Syndromes: New Operative Procedure for Hyperabduction, Costoclavicular, Cervical Rib, and Scalenus Anticus Syndromes. Jere W. Lord Jr., M.D., New York 69

New Concept of Vesical Innervation: Relationship of Vesical Innervation to Bladder Management Following Abdominoperineal Proctosigmoidectomy. Lowrain E. McCrea, M.D., and Donald L. Kimmel, Ph.D., Philadelphia 84

Relationship Between Benign Breast Disease and Cancer. Edward F. Lewison, M.D., Baltimore, and John G. Lyons Jr., M.D., Hartford, Conn. 94

Midthigh Amputations for Arteriosclerotic and Diabetic Gangrene: Analysis of One Hundred Thirteen Consecutive Amputations in One Hundred Eight Patients, 1939 to 1952. Louis Carp, M.D., New York 115

Case Reports:

Studies in Strangulation Obstruction: III. Recovery of an Abnormal Hemin Pigment in the Human. Isidore Cohn Jr., M.D., M.Sc. (Med.); Herbert R. Hawthorne, M.D.; Paul Nemir, M.D., and David L. Drabkin, M.D., Philadelphia 126

FEBRUARY 1953. NUMBER 2

Artificial Vagina: Preliminary Report of a New Combined Anatomic, Mechanical, and Endocrine Approach. Walter J. Reich, M.D.; Mitchell J. Nechtow, M.D.; Harold E. Silverman, M.D.; Alvin Kurzon, M.D.; Jerome B. Reich, M.D., and M. William Rubenstein, M.D., Chicago 129

Blood Transfusions in Hemorrhage from a Severed Artery: Experimental Study. Henry W. Mayo Jr., M.D., and Louie B. Jenkins, M.D., Charleston, S. C. 137

Treatment of Neurogenic Urinary and Fecal Incontinence in Children. Robert E. Gross, M.D.; George W. Holcomb Jr., M.D., and Henry Swan, M.D., Boston 143

FEBRUARY—*Continued*

PAGE

Strangulated Diaphragmatic Hernia: Report of Four Cases. Seibert Pearson, M.D., Long Beach, Calif. 155

Acute Bowel Obstruction: Forty Years After Blunt Trauma. Preston J. Burnham, M.D., Salt Lake City 167

Acute Appendiceal Abscess Simulating Cecal Neoplasm. Frank Ciampa, M.D.; G. Stanley Miles, M.D., and Lawrence Andreson, M.D., Somerville, Mass. 171

Complete Homologous Heart Transplantation. Wilford B. Neptune, M.D.; Brian A. Cookson, M.B., Ch.B. (Edin.); Charles P. Bailey, M.D.; Ruth Appler, R.N., and Frank Rajkowski, B.S., Philadelphia 174

Homologous Heart Grafts: I. Technique of Interim Parabiotic Perfusion. II. Transplantation of the Heart in Dogs. Emanuel Marcus, M.D., Ph.D.; Samuel N. T. Wong, M.D., and Aldo A. Luisada, M.D., with the Technical Assistance of W. C. Liu, M.D., Chicago 179

Postgastrectomy Stricture of the Efferent Loop and Its Treatment. Joseph K. Narat, M.D., and Louis A. Manelli, M.D., Chicago 192

Cancer of the Colon and Rectum: Analysis of Eighty Cases. Louis T. Palumbo, M.D.; Leroy J. Fox, M.D., and P. J. Monnig, M.D., Des Moines, Iowa 198

Carcinoma of the Colon and Rectum: Review of Four Hundred Sixty-One Necropsy Cases at Cook County Hospital from 1929 to 1952. Stanford W. Ascherman, M.D., Chicago 208

Pump Circuit for Experimental Intracardiac Surgery of the Left Heart. E. Converse Peirce II, M.D., and James L. Southworth, M.D., Baltimore 218

Potassium Depletion in Dogs: Effect on Wound Healing, on Blood Protein and Electrolyte Levels, and on Response to Anesthesia. James D. Hardy, M.D., Memphis; Anne E. Borum, M.D.; Edward J. Pavsek, M.D.; John K. Robinson, M.D.; James E. Smith, M.D., and Arthur E. Zimmerman, M.D., Philadelphia 226

Diagnostic Lumbar Disk Puncture: Clinical Review and Analysis of Sixty-Seven Cases. L. Walk, M.D., Eskilstuna, Sweden 232

Subtotal Adrenalectomy for Cushing's Syndrome. Waltman Walters, M.D., Rochester, Minn. 244

Case Reports:

Gastric Resection Followed by Gangrene of the Duodenum and Jejunum with Recovery. John E. Sutton, M.D., New York 253

Resection of Left Lobe of Liver for Echinococcus Cyst. R. Richard Renner, M.D., Cleveland; Fred Roemer, M.D., Bedford, Ohio, and Lewis O. Telle, M.D., Cleveland 257

Choledochoduodenal Fistula Secondary to Duodenal Ulcer. Commander J. L. Yon (MC), U.S.N., and Captain L. G. Bell (MC), U.S.N 260

MARCH 1953. NUMBER 3

Editorials:

The Long-Term Preservation of Red Blood Cells. Barnes Woodhall, M.D. 265

Recovery and in Vivo Survival of Human Red Cells: Studies of Red Cells After Storage up to Six and One-Fourth Months at Subzero Temperatures. Ivan W. Brown Jr., M.D., and Hilliard F. Hardin, M.A. Durham, N. C. 267

Microbiologic Flora of Chronic Cutaneous Ulcers: In Vitro Sensitivity of Microbiologic Flora to Three Antibiotics, Penicillin, Streptomycin, and Bacitracin. Edward E. Vicher, Ph.D.; John W. Soska, and George Gee Jackson, M.D., Chicago 283

Ascending Erect Phlebography: Management of Chronic Venous Insufficiency of Lower Extremity. E. M. Colvin, M.D., Spartanburg, S. C.; J. Frank Walker, M.D., Chamblee, Ga., and Horace D. Smith, M.D., Long Beach, Calif. 292

Intestinal Obstruction Resulting from Biliary Calculi (Gallstone Ileus). Samuel Shore, M.D.; Harry H. Jacob, M.D., and Jack A. Cannon, M.D., Los Angeles 301

MARCH—*Continued*

PAGE

Slowly Absorbed Tubocurarine Chloride in Orthopedics. Eugene G. Lipow, M.D., Washington, D. C. 312

Leiomyosarcoma of the Duodenum: Report of a Case and Summary of the Literature. Mandel Weinstein, M.D., and Morton Roberts, M.D., Jackson Heights, N. Y. 318

Appendices Epiploicae: Clinical and Pathological Considerations: Report of Three Cases and Statistical Analysis on One Hundred Five Cases. Stanley S. Fieber, M.D., and Jerome Forman, M.D., Brooklyn 329

Diverticulitis of the Ascending Colon. Arkell M. Vaughn, M.D., and Eugene M. Narsete, M.D., Chicago 339

Effect of Hepatic Artery Ligation on Ascites Due to Laennec Cirrhosis: Report of Two Cases. J. Chandler Smith, M.D.; Raymond W. McNealy, M.D., and Earl A. Zaus, M.D., Chicago 344

Insidious Thrombosis of the Aortic Bifurcation: Report of Thirty-Five Cases. Peter Beaconsfield, M.D., and Jean Kunlin, M.D., Paris, France 356

Thrombosis of the Aortic Bifurcation Treated by Resection and Homograft Replacement: Report of Five Cases. Jacques Oudot, M.D., and Peter Beaconsfield, M.D., Paris, France 365

Vagotomy: Follow-Up of One Hundred Cases. Philip F. Partington, M.D.; Edward J. O'Malley, M.D.; Herman Rice, M.D., and William C. McCally, M.D., Cleveland 375

Experimental Studies with Intra-Arterial Transfusion: Overtransfusion in the Anemic Dog and the Hypoproteinemic Dog. Edward J. Beattie Jr., M.D.; John M. Keshishian, M.D.; Dominic Adovasio, M.D.; Howard Pierpont, M.D., and Brian Blades, M.D., with the Technical Assistance of Mr. Eberhard Trams, Washington, D. C. 383

Case Reports:

Surgical Experience with Corticotropin in Ulcerative Colitis. Matthew A. Larkin, M.D., and Marvin G. Flannery, M.D., Miami, Fla. 386

Leiomyosarcoma of Rectum. C. G. McEachern, M.D., and Justin E. Arata, M.D., Fort Wayne, Ind. 388

Fibromyoma of the Duodenum. Donald R. Cole, M.D., New York 392

APRIL 1953. NUMBER 4

Editorials:

Sulfobromophthalein Appearance-Time in Bile: Its Diagnostic Value in Incomplete Obstructive Jaundice and in Nonicteric Obstruction of the Common Bile Duct. Jacques Caroli, M.D. 397

Obstructive and Pancreatic Problems Following Choledochotomy. Kenneth W. Starr, F.R.C.S. 398

Melanosarcoma. H. Glenn Bell, M.D. 399

INDEX TO VOLUME 67

Abbott, W. E.
Evaluation of protein and fat metabolism in post-gastrectomy patients, 462

Abdomen
incision, transverse and muscle-splitting [Palumbo & Katz], 514
surgery: hypotensive anesthesia for [Boyan], 803
tumors: colloidal particles for retroperitoneal irradiation [editorial], 129

Abnormalities and Deformities: See under name of organ or region

Abscess: See also under name of organ or region subphrenic, experimental [Hoffman], 540

Actinomycosis
nocardiosis: aerobic actinomycosis with emphasis on alimentary tract as portal of entry [Hickey & Berglund], 381

Aerosporin: See Polymyxin B

Age: See Old Age

Allbritten, F. F., Jr.
Recurring pancreatitis and associated stenosis of common bile duct: treatment by Roux-Y choledochojejanostomy, 779

Allen, E. V.
Surgical treatment of arteriosclerotic aneurysms of abdominal aorta, 632

Ampulla of Vater: See Vater's Ampulla

Andrus, E. C.
Surgical treatment of mitral stenosis, 790

Anesthesia
complications associated with use of "controlled hypotension" in [Hampton & Little], 549
hypotensive for radical pelvic and abdominal surgery [Boyan], 803
investigation of Efocaine, long-acting local anesthetic agent: animal studies [Margolis & others], 715
investigation of Efocaine, long-acting local anesthetic agent: clinical studies [Nowill & others], 731
neurological complications following use of Efocaine [Nowill & others], 738

Aneurysm
arteriosclerotic, of abdominal aorta: sugical treatment of [Kirklin & others], 632

Ankle
and foot, stenosing tendovaginitis of: studies with special reference to stenosing tendovaginitis of peroneal tendons at peroneal tubercle [Burman], 686
fractures: pronation-dorsiflexion fracture [Lauge-Hansen], 813

Anus: See Rectum
carcinoma, squamous cell [Buxton], 821

Aorta
abdominal, surgical treatment of arteriosclerotic aneurysms of [Kirklin & others], 632
translumbar aortography as diagnostic aid in localizing arterial emboli [Lovingood & Patton], 164

Apparatus
improved method of collecting biliary drainage [Narat & others], 126
pump-oxygenator incorporating heat exchanger in differential hypothermia for intracardiac surgery [Peirce & Polly], 521

Ariel, I. M.
Malignant ganglioneuroma of ganglion nodosum of vagus nerve, 645

Arnold, G.
Biliary-tract surgery in elderly patients, 92

Arterenol
qualitative difference between levoepinephrine and levoarterenol: experimental demonstration [Sanderson & Hubbard], 746

Arteries: See also Aorta; Blood Vessels; Embolism
femoral: repeated successful femoral embolectomy [Schmitz & Harkins], 616
studies of combined vascular and neurologic injuries: effect of arterial ligation and sympathetic denervation upon return of function after crushing of sciatic nerve of cat [Shumacker & others], 753

Ascites
hemorrhagic, and hemothorax associated with benign pancreatic disease [Smith], 52

Babb, L. I.
Evaluation of protein and fat metabolism in post-gastrectomy patients, 462

Bandaging: See Dressings

Barker, N. W.
Familial pheochromocytoma: report on 3 siblings with bilateral tumors, 100

Barron, J.
Modified technique for total colectomy in ulcerative colitis, 363

Baumeister, C. F.
Radioiodine tracer and biopsy in diagnosis and treatment of hyperthyroidism, 80

Baumrucker, G. O.
Urological complications following abdominoperineal resection of rectum, 502

Beahrs, O. H.
Combined operations for intraoral and laryngeal carcinoma, 215

Beal, J. M.
Carcinoma of stomach following gastroenterostomy for duodenal ulcer, 63

Belmonte, J. V.
Improved method of collecting biliary drainage, 126

Berg, H. F.
Localization of radioactivity in regional lymph nodes, 228

Berglund, E. M.
Nocardiosis: aerobic actinomycosis with emphasis on alimentary tract as portal of entry, 381

Berman, L.
Use of bishydroxycoumarin (Dicumarol) for prevention of postoperative thromboembolism: study of 2,700 consecutive surgical patients, 142

Berry, R. E. L.
Clinical aspects of acute peripheral oligemia from plasma water and sodium salt loss, 408

Best, R. R.
Management of remaining common duct stones by various solvents and biliary flush regimen, 829

Bile
improved method of collecting biliary drainage [Narat & others], 126

Bile Ducts
calculi: management of remaining common duct stones by various solvents and biliary flush regimen [Best & others], 839
common, acute pancreatitis associated with necrosis and perforation [Zaslow], 47
common, associated stenosis of, and recurring pancreatitis: treatment by Roux-Y choledochojejunostomy [Allbritten], 779
common, idiopathic dilatation of [Burgess & Cherry], 771

Biliary Tract
obstruction, complete: nature of liver failure due to [MacGregor], 878
surgery in elderly patients [Lawrence & others], 92
technique for external drainage of, which leaves ducts intact: an experimental study [Grindlay & others], 289

Biopsy: See under Breast

Bishydroxycoumarin (Dicumarol)
use of, for prevention of postoperative thromboembolism: study of 2,700 consecutive surgical patients [Milch & others], 142

Bladder: See also Urinary Tract
dysfunction: urological complications following abdominoperineal resection of rectum [Baumrucker & Shaw], 502

Blalock, A.
Surgical treatment of mitral stenosis, 790

Blood
circulation: maintaining viability of extremity with acutely obstructed arterial circulation: arterial autoperfusion method: preliminary report [Green], 875

Blood—Continued
supply: surgical aspects of spontaneous hypoglycemia due to occult insulinoma [dePeyster & Gilchrist], 330
volume: clinical aspects of acute peripheral oligemia from plasma water and sodium salt loss [Berry], 408

Blood Pressure
low: complications associated with use of "controlled hypotension" in anesthesia [Hampton & Little], 549

Blood Vessels: See also Arteries
large, definitive treatment of fresh injuries to [Cranley & Herrmann], 153
pulmonary: prevention and management of injuries to, during resection [Mendensohn], 276

Bones
surgery: trends in [Lipscomb], 924

Boone, R.
Studies of combined vascular and neurologic injuries: effect of arterial ligation and sympathetic denervation upon return of function after crushing of sciatic nerve of cat, 753

Bowels: See Intestines

Boyan, C. P.
Hypotensive anesthesia for radical pelvic and abdominal surgery, 803

Brain: See also Cranium
cerebral arteriography with sodium acetrizoate (Urokon Sodium) 30% [Seaman & Schwartz], 741

Breast
biopsy, adequate [Shallow & others], 526
cancer: ovarian influence upon survival in [Sommers & others], 916

Brintnall, E. S.
Surgical treatment of postirradiation rectal stricture and rectovaginal fistula, 346

Brown, J. E.
Critique of articular replacement, 297

Brunschwig, A.
Spontaneous cholecystectomy: report of case probably resulting from irradiation of hepatic metastasis, 620

Bryant, J. R.
Localization of radioactivity in regional lymph nodes, 228

Burgess, C. M.
Idiopathic dilatation of common bile duct, 771

Burman, M.
Stenosing tendovaginitis of foot and ankle: studies with special reference to stenosing tendovaginitis of peroneal tendons at peroneal tubercle, 686

Burns
severe treated with cortisone and without skin grafting [Gerhardt], 769

Buxton, R. W.
Squamous cell anal carcinoma, 821

Calcification
generalized calcinosis in case of primary lymphosarcoma of retroperitoneal lymph glands [Donhauser], 927

Calcinosis See Calcification

Cancer: See under name of organ or region

Cangelosi, J. P.
Improved method of collecting biliary drainage, 126

Carcinoma: See under name of organ or region

Carlisle, J. C.
Polyps of colon: late results of transcolonic removal, 353

Carotid Body
tumors: report of 12 cases, including 1 case with proved visceral dissemination [Morfit & others], 194

Cherry, J. W.
Idiopathic dilatation of common bile duct, 771

Chest: See Thorax

Children: See also Infants
duodenal obstruction in infants and [Fox], 475
gastrojejunal ulcers in [Marshall], 490

Colcher, R. E.
Adequate breast biopsy: experience in 1,000 consecutive personal cases, 526

Cold
differential hypothermia for intracardiac surgery: preliminary report of pump-oxygenator incorporating heat exchanger [Peirce & Polley], 521

Coldwater, K. B.
Postoperative loss of sugar in urine following intravenous infusion of fructose (levulose), 57

Colitis
ulcerative, chronic, surgical treatment of: one-stage total colectomy including abdominoperineal resection with primary ileostomy [Palumbo & Rugtiv], 762
ulcerative, modified technique for total colectomy in [Fallis & Barron], 363

Colon: See also Intestines
inflammation: See Colitis
polyps: late results of transcolonic removal [Judd & Carlisle], 353
surgery: bowel perforation following enema through permanent colostomy [Kaufman & Swerdlow], 612
surgery: modified technique for total colectomy in ulcerative colitis [Fallis & Barron], 363
surgery: one-stage total colectomy including abdominoperineal resection with primary ileostomy: surgical treatment of chronic ulcerative colitis and familial polyposis [Palumbo & Rugtiv], 762

Conley, J. E.
Hemolytic reactions associated with surgical procedures, 426

Cortisone
severe burns treated without skin grafting [Gerhardt], 769

Cox, A. J.
Variations in mucosal structure of stomach: their implications in operations for resection of gastric or duodenal ulcer: editorial, 1

Crabtree, H. N.
Carcinoma of thyroid: clinicopathologic study, 175

Cranium
transcranial removal of intraorbital tumors; Love & Dodge], 370

Cranley, J. J.
